THE ELECTION.

The election returns are sufficient to satisfy all that Mr Harding, Republican, has been elected President, and along with him the Senate and House of Representatives was caught in the landslide. So there can be no dodging of the responsibilities of the administration of the whole government, which has been turned over to the Republican party. It seems certain that the League of Nations and Wilson policies are overwhelmingly rejected by the people. Virginia and the South remans steadfast to Democracy and elects her Senators and Representatives. Mr. Flood defeats his independent opponent by decision majority.

The returns from Appomattox show a large vote polled with Rocks precinct not reported:

Cox,	783	Hading,	181
Glass,	940	Pollard,	46
Flood,	894	Grasty,	122

Buckingham

Before this appears in print a new president will have been elected and I am wearing a Democratic rooster ready to crow over our victory and do hope I am not too previous.

Mr. Flood delighted and instructed the men and women voters of Dillwyn and Arvonia in a speech he made at both places last week.

Abbreviated catalogs are coming to us from the mail order houses announcing the lower prices on many lines of goods, they say the prices of print paper is so enormous they cannot afford to get out a new big catalog at this time, but they ask their customers to borrow the last catalog from their neighbor if they havn't one themselves and compare the prices as they now are with the prices in the last big catalog.

Mr. George Patteson Jr., has been to Mount Pleasant, his old home on a visit.

Mr. A. C. Garrett was on the sick list a part of last week.

The Young People's Society met at the home of Mr. and Mrs John Glover on Saturday evening last.

The old Shaw property is advertised to be sold here today Monday.

Mr. P. A. Grigg is home for a rest after having worked in the South since the opening of the tobacco market tuere.

The death of Mr. William Williams which took place last week was no great surprise to those who knew of his illness, but we have lost a public spirited citizen and a man of rare good business judgment. Mr. Williams was 88 years old, a veteran of the civil war, an enthusiastic Democratic. He was for several terms Sheriff of Buckingham county.

Rev. Mr. Barrell is having an ice house dug on the Manse lot.

Mr. Lewis Williams has treated his house to a new coat of paint.

The pupils in the High School here seem to dress in accordance to the magnificent new school building, they dress better than many of the pupils in the city schools.

Miss Mabel Groseclose spent the week end in Lynchburg.

The children's songs in the Presbyterian Sunday school were much enjoyed on rally day.

An order house in Chicago sent me a grocery catalog quoting granulated sugar at nine and four-fifths cents a pound I sold some old corn at $1.50 a bushel which could have been sold in summer at $2 50 a bushel. I sold home cured meat the past week at 30 cents for shoulders and 40 cents for hams and merchants are retailing western sides at 24 and 25 cents a pound. Beef on the local market is selling for 18, 20 and 25 cents a pound. What most concerns farmers who need this is what they are going to get for their tobacco I hear that some has already been sold at prices that would not pay for the fertilizer and labor. Farmers, however, have produced more food for home consumption than ever; they have canned and preserved more fruit and vegetables; they have raised more fowls and hogs, and are ready to go into winter quarters out of debt, and if they could get the beef hides made into shoes and their wool made into clothes they would be of the most independent class.

Jesse S. Thornhill

Jesse S Thornhill, 77 years of age, a Confederate veteran, died at his home in Lynchburg last Saturday, after a long illness He is survived by one son, C. O Thornhill, and four daughters, Misses Lellie, Blanche and Emeline Thornhill and Mrs. Janie Harver, all of Lynchburg Mr. Thornhill was a member of Rivermont Baptist church.

The deceased was reared and lived in Appomattox up to about 15 years ago, and was highly esteemed here, where his death will be generally regretted.

Forest View

Jack Frost has made its appearance, and it makes us think of the poetry which reads:

The melancholy days have come
The saddest of the year,
With naked woods
And meadows brown and sear
But we love it!

There were two able preachers at Central Baptist church last Sunday a. m

Mr. W T Nash don't seem to stop for his broken arm. He took a truck load of bright tobacco to South Boston last week, but reported low prices.

Mr. A S Wooldrige spent last Monday in Lynchburg on business.

Mr. Berkley Nash has treated himself to a new car, he is working in Lynchburg and motored home last Saturday accompanied by his sister, Mrs Hester Wooldrige, to see their father, Mr. Thos Nash.

Mr. and Mrs. James Martin spent last Sunday with the latters parents, Mr. and Mrs. A. S. Wooldrige.

Several of the young people of this neighborhood attended the Halloween Festival at Woodland school house last Saturday night and reported a good time.

Mr. R. W. Martin and sons have almost completed their new tobacco pit and packing house

We understand that Rev. Lambdin will preach his farewell sermon at Wesley Chapel Sunday p. m The people hate to see him leave this circuit.

Mrs. John Pugh entertained a number of her friends last Sunday.

Mrs. Henry White, of Richmond, is visiting at the home of Mr. Nathan Marshall.

The Better Babies Contest

The Better Babies Contest held by the W. C. T. U at the County Fair, awarded the prizes Saturday afternoon at M. E. church.

A good program was given as follows: Meeting presided over by Mrs. R. C. Wagner, singing, devotional, Rev. L. E. Callaham Miss Eddie Hardy gave a very helpful talk to mothers, from a teacher's standpoint. A dialogue play was given by two little girls from Concord Union. Mrs. W. L. Ould, of Concord, gave a very pleasing talk to the mothers. She then awarded the prizes as follows:

1st division (six months to 1 year) H. H. Babcock 1st prize, a silver cup. Mary Frances Coleman 2nd prize, baby toilet set, given by Dr. James Douglas Puckett 3rd prize.

2nd division (1 to 2 years) Nellie Turnes 1st prize, Silver cup. Carl Evans 2nd prize, baby spoon. Hellen E. Sears, Caroline Moses, Richard Burke Wallace O'Brien, 3rd.

Of the 18 babies examined, all scored high, and we are very proud of our fine lot of Appomattox babies and wish we had a prize for all.

Mrs. Wagner after reading the scoring of each child presented them with a flower.

The mothers then decided to have a "Mothers Club" for all mothers to meet every two months, that they might study together, and to push the Better Babies interest and have a Better Babies Contest in the future All mothers are urged to join

AMOUNT SAVED AS RESULT OF THRIFT IS PRODIGIOUS SUM

Money Invested in Government Stamps Would Pay for Spanish War and Dig Panama Canal.

As a result of patriotic work done in the schools of the country the amount of money now invested in government savings securities exceeds the cost of the Spanish-American War and the Panama Canal, according to official figures recently compiled. The national debt was increased approximately $300,000,000 by the war with Spain, and it cost about $400,000,000 to build and open the Panama Canal. The amount of money in Savings Stamps, the report from Washington shows, is more than $808,000,000.

This is taken to indicate the steady growth of the thrift and savings movement in the United States Much of the money invested last year by school children in the government's little savings securities was earned by them, and a large part of it probably would have been spent wastefully but for the savings societies which were active in so many of the schools. In this federal reserve district, which embraces Maryland, the District of Columbia, Virginia, West Virginia, North Carolina and South Carolina, there were last session more than 11,000 savings societies in the public schools.

All of the normal schools in the five states were visited last summer by Miss Mary G. Shotwell, director of the educational division of the War Loan Organization of this district, and as a result of these visits thousands of teachers were given courses in the teaching of thrift, the principles of which are now being taught to tens of thousands of children in the public schools.

The savings movement is being conducted in every part of the United States under the direction of the Treasury Department. It encourages increased production, systematic saving, wise spending and safe investment. To help people save, the government is offering Thrift Stamps, Savings Stamps and Treasury Savings Certificate is the big brother of ings Certificates is the big brother of the Savings Stamp, and, like it, bears interest at the rate of four per cent a year compounded quarterly.

In all parts of this state and throughout the rest of the district the boys and girls in the public schools, who are beginning to realize as never before the advantages of saving money, are reorganizing their savings societies and clubs, and indications are that this session they will do even better than last year.

Common Sense as Ballast.

Sand Generates Electricity.

A curious phenomenon of the Sahara is the charging of motorcar bodies with electricity. Lorries running in the vicinity of Gabes are reported to be often affected, and drivers grasping the starting handle after a stop are liable to receive severe shocks. The electrification is supposed to be imparted to the chassis from charged sand blown against it, the rubber tires serving as insulation to retain the charge. By trailing wires ground connection is made, and the charge dissipated.

Dentist's Memorial.

It is a far cry from the powdered bean bone seeds, the incantations and gold rings and ox teeth of the forgotten past to the work of a modern dental surgeon, but like his predecessors in the profession, the modern operator leaves behind him his monument. It may be a cross of gold which he erects to his memory as a product of his mechanical skill, or maybe he has taught the children of the world the secrets of health or the esthetic value of a pleasing smile. —Exchange.

EVER BILIOUS?

Charleston, Miss.—Mrs. R. V. Heins, of this place, says: "I have never had to use very much medicine, because if I felt headache, dizziness, or colds, bad taste in the mouth, which comes from torpid liver, I would take a dose or more of Black-Draught, and it would straighten me out and make me feel as good as new. We have used it in our family for years

THEDFORD'S

BLACK-DRAUGHT

and it certainly is the best liver medicine I ever saw. It has not only saved me money, it has helped keep my system in shape, and has never weakened me as so many physics do. I recommend it to my friends and am glad to do so." Black-Draught is the old, reliable liver medicine which you have doubtless heard much about. When you feel badly all over, stomach not right, bad taste in your mouth, billous, or have a headache, try Thedford's Black-Draught. At all Druggists.

Why Many Don't Save-

Saving money, you will find, is not wholly a Dollars-and-Cents matter. This statement may sound strange, but it is true.

Saving money is, first of all, a Brain-and-Backbone matter. And this is just the reason why so many people who make money can't save any of it—they don't think, and have little self control.

Happily, however, there are very few who cannot learn the necessary lessons, if they will.

The time to start is today, and the place—this Bank. We'll help by adding 4 per cent interest, compounded semi-annually.
